Northeast Planning Associates Joins Special Olympics New Hampshire as 2015 Mission Partner

MANCHESTER - Paul Goyette and Michelle Wheeler of Northeast Planning Associates have been long time supporters of Special Olympics New Hampshire. Both have volunteered at Summer Games and attended exciting Unified games with their families. Goyette has served on the board of directors and participated in the Penguin Plunge on many occasions.

Now Northeast Planning Associates has taken their support to another level by signing on as a 2015 Mission Partner of Special Olympics New Hampshire. Mission Partners for Special Olympics New Hampshire support the organization year-round through cash or in-kind donations and/or fundraising.

Northeast Planning Associates is a financial planning firm that has been in New England for more than 55 years. Goyette and Wheeler have been with the firm since 1996 and currently have offices in Nashua and Bedford. They specialize in financial planning for families who have children with special needs.

"We've been supporters for a good many seasons and it's just a good partnering relationship combining families with financial planning matters and giving a voice to the questions I guess so many people have," Goyette said. "Our whole purpose around this kind of planning is to help give families confidence in knowing that they have a plan in place for their child's future," Wheeler said.

"We are so happy that Northeast Planning Associates is joining with Special Olympics New Hampshire in 2015. This partnership will allow us to continue providing opportunities for New Hampshire residents with intellectual disabilities to grow physically, emotionally and socially through participation in sports. We believe this partnership will benefit our families in many ways." said SONH president Mary Conroy.

About Special Olympics New Hampshire

Special Olympics New Hampshire (SONH) is an accredited program of Special Olympics International (SOI) and is part of an international global movement that changes lives through sport by encouraging and empowering people with intellectual disabilities, promoting acceptance for all, and fostering communities of understanding and respect worldwide. SONH was founded in 1970 with the first State Summer Games at Phillips Exeter Academy. Learn more at www.sonh.org.
